

Testimonial for Claybridge Builders

We were thrilled to find Claybridge Builders, an honest business eager to meet our needs. After meeting with the team from Claybridge, we were excited with the options presented to us. We chose the plan that best suited our needs and work soon began on our new first floor home office, kitchen expansion and remodel; and basement dance studio, bathroom, and craft room.

What our family like the most about working with Claybridge Builders was their personal attention to every step of the building process. We felt well informed and thoroughly enjoyed working with every craftsman from the carpenters, plumbers, and electricians to the decorators, and landscapers. Claybridge provided the complete package which led to very satisfied customers.

Mrs. Brothers said, “Our family is our priority and our home finally reflects who we are. It was a pleasure to work with such a professional, friendly crew. Our children are thrilled with their new custom dance studio and craft room and my husband and I couldn’t be happier with our fabulous kitchen and home office. We look forward to entertaining our friends and family in the space Claybridge helped us to create!”
